HEAD OFFICE HEILOO (HOLLAND)

Heiloo (Holland),  
January 1950.

*We* have much pleasure to announce that Mr. Peter de Jager will from now on represent us in the U.S.A. with his address as follows:

P. de Jager & Sons Inc.,  
3303 West Lawrence Avenue,  
Chicago 25. Illinois

He is the eldest member of the fourth generation handling our famous quality bulbs and we trust he will be able to take care of your instructions in a perfectly satisfactory manner.

There will be no change in our arrangement of the selection of the High Quality Bulbs, the packing and execution of all orders being done at our Nurseries in Heiloo (Holland) as before. Our Chicago Office will be responsible for all money paid for bulbs ordered from this catalog and all correspondence will be dealt with by our Chicago Office intelligently.

The President of the National New York Packing and Shipping Co. Inc. of New York, when visiting us last summer, promised to co-operate with our new arrangement and will continue to distribute our consignments as they arrive in New York City coming across the Ocean.

We draw special attention to our magnificent collection of Gladioli many of which have been tested at Squire Valleevue Test Gardens at Cleveland and by the West Virginia Gladioli Society Testing Committee. The assortment we offer in this catalog is brought together from the best and most successful raisers all over Europe.

A limited stock of a few of the best and most popular kinds of bulbs will be carried at Chicago to fill urgent and perhaps a few late orders. A list of the varieties available will be forwarded on request.

All bulbs offered in this catalog are top No 1 size and of High Class Quality.

# Large flowering Gladioli

The Gladiolus are now too well-known to need a lengthy description. The improved strain of these magnificent flowers produces enormous spikes of very large and strikingly colored blooms. They have a very commanding appearance in borders, in groups among shrubs where they remain in bloom for a considerable time, and they are also greatly praised as cut flowers for bouquets and vases.

Given a well-drained soil, rich in organic matter, they are sure to succeed well. Plant three inches deep, from the beginning of March at intervals, until the middle of May, to have flowers throughout the whole summer and early autumn.

## Novelties and Outstanding Varieties of Recent Introduction

**Alfred Nobel** (2), a very superb and remarkable new introduction of exceptional beauty and distinction, color a very pleasing salmon-rose with a large white blotch on lower petals, the 7 to 8 wide open florets out at a time form a colossal truss of great substance and excellent poise, outstanding for the show table.

\$ 2.75 each; \$ 7.50 per 3.

**Arthur Rank** (1), a new introduction rated A (Excellent) at Cleveland in the Squire Valleevue Test Gardens in 1949, it is an exquisite light shell-pink with a faint buff suffusion, the well-formed florets, of which there are 6 to 7 out at a time, make a spike of splendid carriage.

\$ 1.00 each; \$ 2.70 per 3.

**Artist** (1), a new introduction of outstanding beauty, soft catleya-pink overlaid with deeper tinted veins, wide-open florets well arranged on an elegant upright spike. Truly an impressive flower.

\$ 1.00 each; \$ 2.70 per 3.

**Aristocrat** (2), here is an aristocrat on account of its fine formed florets and its beautiful deep purple-red color, an ideal elegant truss with 5 to 6 wide-open flowers out at a time. Rated A (Excellent) in U.S.A. 1949.

\$ 1.00 each; \$ 2.70 per 3.

**Ataturk** (1), we believe this the darkest colored introduction to date, very distinct shade of deep purple with a black velvety sheen, strong stem of splendid poise and height.

50 cts. each; \$ 5.00 per doz.

**Benjamin Britten** (2), a very fine Gladiolus, an unusual rhodomine-purple with great color appeal, the large wide-open florets of which there are 6 to 8 out at a time on a 18-21 inch. spike, are nicely arranged on a vigorous stem, magnificent variety for all purposes. Rated AA (Superior) in U.S.A. 1949.

\$ 1.30 each; \$ 3.60 per 3.

**Blazing Fire** (1), probably the finest early intense scarlet Gladiolus so far introduced by the Dutch, it has a small white line marking in its throat, whilst 6 to 7 well formed expanding florets are nicely displayed on a stiff stem, grows a sturdy plant of exciting beauty.

40 cts. each; \$ 1.00 per 3.

**Bretagne** (2), a very fine pale-rose with small cherry-red marking deep in throat, six to seven very large expanded florets out and which are well arranged on a tall upright stem, a very beautiful flower, good grower.

20 cts. each; \$ 2.00 per doz.

**Candy** (2), another outstanding introduction of recent date on account of its unusual coloring of a cinnamon shade with scarlet markings on lower petal, the well formed flowers make a handsome truss of good constitution.

20 cts. each; \$ 2.00 per doz.

**Circe** (1), one of the most beautiful and superior Gladiolus so far introduced, color russet-orange with a cream throat blotched deep-red, the 6 to 8 flowers open at a time make a magnificent truss on a long stem, heavy foliage and exceptional vigorous grower, highly rated for exhibition and commercial purposes, and will become favorite of all Americans on accounts of its color, form and other desirable qualities. F.C.C., R.H.S. 1949. Rated AA (Superior) in U.S.A. 1949.

\$ 1.60 each; \$ 4.20 per 3.

Acidanthera Murielae

(Abyssinian Wildflower)

A richly scented flower that has all the characteristics of the Gladiolus family, though the silver-white florets are of quite a different habit and show in the centre a large deep maroon-purple blotch.

They grow to a height of 2 to 3 feet and are of an extremely graceful appearance. During the winter the corms of the Acidanthera Murielae require to be kept in a warm, dry place.

Plant after 1st of March 3 inches deep and 5 inches apart, they take a long time to develop and do not flower much before September.

\$ 1.00 per dozen; \$ 7.25 per 100

Anemones

They excel in richness, being of all shades and colors and can be had in bloom from early spring till July, if planted in succession from October to April. They flourish in any garden soil and should be planted four to six inches apart and one or two inches deep. The roots should always be kept in a perfectly dry place before planting as they are extremely sensitive to dampness.

**St. Brigid**, (Semi-Double), we offer a splendid mixture comprising a great many rich colors and very pleasing shades, this lovely Anemone cannot be too highly recommended and should be planted in generous quantities.

**Free delivery to all points in the United States for all prepaid orders over \$ 5.00. Smaller orders please add 50 cts. to help us to defray high expenses for postage, packing etc.**

**We pay Importation Duties and all Transportation charges and guarantee the safe arrival of your Bulbs for which we prepare the necessary documents and make no charges for cases or packing.**

**For Canada add 10% to prices to pay extra costs of importation-duties.**

**Insurance.** The bulbs are insured during transit at our expense and the insurance includes theft, missing, warrisk, heating and freezing.

**Our Guarantee.** As all other Leading American Importers we disclaim responsibility as to the flowering results and crop, but we guarantee our bulbs to be perfectly true to name and to be of the finest and best quality the year produces. All bulbs offered in this list are thoroughly examined for their density and soundness before leaving our nurseries and subsequently certified by an authorized official of the Dutch Government Phytopathological Service Department.

**All orders to be sent to our Chicago Office: P. de Jager & Sons Inc., 3303 West Lawrence Ave., Chicago 25. Ill. Phone: Independence 3-8347.**

**PAYMENTS.** Unless otherwise arranged our terms are cash with order please, and all checks, money orders etc. should be made payable to P. de Jager & Sons Inc., Chicago. No C.O.D.

**To protect the interests of our customers our Chicago Office will hold all money paid to them in advance until the bulbs have arrived at destination.**

**Price Calculation.** Not less than 6 of one variety will be charged at the price per dozen; 50 at the price per 100.

Early orders are earnestly requested, so that we may make arrangements beforehand for shipping your order in good time. **No orders for Holland are accepted after 1st of April.**

**Substitution.** In the ordinary course of business we do not substitute, as is so often done, without the authority from Customers. Sometimes, however, it occurs late in the season that a particular variety is sold out, or that from failure of a crop, or some unforeseen cause, the exact instructions of the order cannot be carried out. We therefore beg our Clients to inform, if they object to substituting other varieties, if not we shall always use our best knowledge and ability to send good varieties, of equal merit, usefulness and value. If we do substitute, we wish it to be distinctly understood, that we shall always give the name of the variety sent.

**Customers are invited to examine the goods on arrival** and to check the contents of their consignment. Paper bags should be opened, so as to allow fresh air to the bulbs.

**All quotations** are made out in U.S.-Dollars and without engagement. The execution of orders, even if accepted, is subject to accidents such as fire, strike, alterations in tariffs or governmental regulations.

**Collective or group orders.** We strongly recommended our Customers to join with Friends or Neighbors to make up a group order. Horticultural Societies, Garden Clubs, Institutes, Schools etc. are advised to pool their orders. The different individual orders are all properly packed and labelled separately so that they can be easily distributed. The smaller boxes and parcels will be placed in one or more large cases and are shipped to the sender of the order.
